Volume 35 Issue 1 January 2001

1 *In this issue . . .*

Editorials

2 Learning from uncertainty: a change of culture *J Bligh*

4 Picturing the journal *J Bligh*

Commentaries

5 Primary care research: educational and development needs *J M Morrison & G Watt*

6 Medical student stress *J Firth-Cozens*

8 Do continuing professional development models promote one-dimensional learning? *M Eraut*

Research papers

12 Anxiety, depression and stressful life events among medical students: a prospective study in Antalya, Turkey *M Aktekin, T Karaman, Y Y Senol, S Erdem, H Erengin & M Akaydin*

18 Publication pattern of medical theses, France, 1993–98 *L R Salmi, S Gana & E Mouillet*

22 The 'expert' in problem-based and case-based learning: necessary or not? *P J Hay & M Katsikitis*

27 Using real patients in problem based learning: students' comments on the value of using real, as opposed to paper cases, in a problem-based learning module in general practice *J Dammers, J Spencer & M Thomas*

Policy matters

35 Developing organizational learning in the NHS *S Nutley & H T O Davies*

43 The development of practice professional development plans from the postgraduate education allowance: a discussion of the causes and implications *C S Cornford*

49 Journeys and pathways: exploring the role of professional development advice and educational guidance for practitioners expressing interest in research *H Bateman & A L Kinmonth*

Curriculum

56 Recruiting problem-based learning (PBL) tutors for a PBL-based curriculum: the Flinder's University experience *P Finucane, F Nichols, B Gannon, S Runciman, D Prideaux & T Nicholas*

62 Preparing tomorrow's doctors: the impact of a special study module in medical informatics *K J McGlade, C J McKeveney, V L S Crawford & P Brannigan*

68 Monitoring standards of training *J Hayden & D McKinlay*

73 Complementary and alternative medicine (CAM) in the undergraduate medical curriculum: the Southampton experience *D Owen & G T Lewith*

Occasional essay

78 The life long challenge of expertise *C B Guest, G Regehr & R G Tiberius*

82 Call for papers – Really Good Stuff 2001

Letters to the Editor

83 How to handicap medical students? *M Byron & P Dieppe*

84 Authors' reply *M Crotty, P Finucane & M Ahern*

85 Problem-based learning students' views on pharmacology lectures at UNITRA medical school *Y M Dambisya*

86 Cell and molecular biology in the medical curriculum *S Jamieson*

87 Impact of a formal continuous medical education programme by an expatriate medical organization *M Kumararatne, A Nimalasiriya & N Warnasuirya*

88 **ASME announcements**

Volume 35 Issue 2 February 2001

89 *In this issue . . .*

Editorials

90 What price an idea? *F Lake*

91 Correspondence on the Web

92 Senior house officer training: time for reform *G Parsell*

Commentaries

94 Planning for undergraduate teaching *J O Woolliscroft*

97 Career obstacles for women in medicine *P S Morahan & R C Richman*

99 Academic careers in primary care *W Rosser*

100 If you think education is expensive – try ignorance – Bok's Law *A Hibble*

Research papers

102 The development of a more equitable approach to resource allocation and manpower planning for undergraduate teaching in a UK medical school *G B Clack, M Baty, A Perrin & A L W F Eddleston*

110 Factors in medical schools that predict postgraduate mental health problems in need of treatment. A nationwide and longitudinal study *R Tyssen, P Vaglum, N T Grønvold & Ø Ekeberg*

121 Effectiveness of basic clinical skills training programmes: a cross-sectional comparison of four medical schools *R Remmen, A Scherpbier, C van der Vleuten, J Denekens, A Derese, I Hermann, R Hoogenboom, A Kramer, H Van Rossum, P Van Royen & L Bossaert*

129 The prematurity stereotype in Israeli health care providers *M Stern, S K Moritzen, S Carmel & M Olexa-Andrews*

Careers

134 What happens to medical students who complete an honours year in public health and epidemiology? *J S Nguyen-Van-Tam, R F A Logan, S A E Logan & J S Mindell*

137 UK medical school intake and output 1985–99 *J Parkhouse*

139 Career obstacles for women in medicine: an overview *V Reed & B Buddeberg-Fischer*

148 Attitudes toward transferable skills in medical undergraduates *S R Whittle & D G Murdoch Eaton*

154 A survey of threats and violent acts by patients against training physicians *J Coverdale, C Gale, S Weeks & S Turbott*

Evaluation

160 CeMENT: evaluation of a regional development programme integrating hospital and general practice clinical teaching for medical undergraduates *P Wallace, A Berlin, E Murray & L Southgate*

167 Networked information and clinical decision making: the experience of Birmingham Heartlands and Solihull National Health Service Trust (Teaching) *C Nankivell, P Wallis & G Mynott*

Short reports

173 Trends in the number and administrative characteristics of medical school health promotion programmes *C C Cox, K M Cambre, T M Wolf, M G Webster & J Hooper*

175 The value of marginality in a medical school: general practice and curriculum change *H Mowat & D Mowat*

Point–Counterpoint

178 A dialogue on teaching the teachers: resolving a dilemma *G Buckley, A LaDuca, D Margetson & D Mårtenson*

Obituary notice – Dick Mårtenson

Call for papers

182 Really Good Stuff: new ideas in medical education

Letter to the Editor

183 Researching the effectiveness of PBL *M Newman*

184 **ASME announcements**

Volume 35 Issue 3 March 2001

185 *In this issue . . .*

Editorials

186 Cultural identity and representing culture in medical education. Who does it? *D Prideaux*

188 Education for communication: much already known, so much more to understand *J Spencer & J Silverman*

Commentaries

191 Nonsense on stilts *A V Campbell*

193 The 'tropical triangle': a health education partnership in the south-west Pacific *R Hays, W Baravilala & M Sapuri*

195 The new NHS and undergraduate medical education *J Cookson*

Communication skills

197 Barriers to breaking bad news among medical and surgical residents *S Dosanjh, J Barnes & M Bhandari*

206 Training physicians in communication skills with adolescents using teenage actors as simulated patients *D Hardoff & S Schonmann*

211 Interactional skills of students from traditional and non-traditional medical schools before and after alcohol education *R A Walsh, A M Roche, R W Sanson-Fisher & J B Saunders*

217 Preliminary evaluation of 'interpreter' role plays in teaching communication skills to medical undergraduates *K C J Lau, S M Stewart & R Fielding*

222 Teaching consultation skills: a survey of general practice trainers *A Evans, L Gask, C Singleton & J Bahrami*

225 Assessing the development of communication skills in undergraduate medical students *G M Humphris & S Kaney*

Cultural issues

232 The development and evaluation of a programme to teach cultural diversity to medical undergraduate students *N Dogra*

242 The first sunrise: an experience of cultural immersion and community health needs assessment by undergraduate medical students in New Zealand *A C Dowell, P Crampton & C Parkin*

250 ' "Just think of TB and Asians", that's all I ever hear': medical learners' views about training to work in an ethnically diverse society *J Kai, R Bridgewater & J Spencer*

257 Cross-cultural communication in medicine: questions for educators *J R Skelton, J Kai & R F Loudon*

262 Wrestling with ethnic diversity: toward empowering health educators *J Kai, J Spencer & N Woodward*

272 Identifying characteristics that students, interns and residents look for in their role models *M A Elzubeir & D E E Rizk*

278 Community family medicine teachers' perceptions of their teaching role *K V Mann, D B Holmes, V M Hayes, F I Burge & P W Viscount*

286 Refuting patients' obligations to clinical training: a critical analysis of the arguments for an obligation of patients to participate in the clinical education of medical students *J T Waterbury*

295 Impact of a new course on students' potential behaviour on encountering ethical dilemmas *J Goldie, L Schwartz, A McConnachie & J Morrison*

Call for papers

303 Really Good Stuff: new ideas in medical education

Letters to the Editor

304 Traditional medical education and the new path – they are not mutually exclusive *A Dugdale*

305 What the GP pre-registration house officer saw – a personal view *K H Greenwood*

306 Becoming professional *A Howe*

307 USMLE-style exam *K Patel; D Newble*

309 **Forthcoming papers**

310 **ASME announcements**

Volume 35 Issue 4 April 2001

311 *In this issue . . .*

Editorial

312 Assessment: the gap between theory and practice *J Bligh*

Commentaries

313 Serendipity - yet another nail in the coffin *P Bradley*

315 Community-based education: is the effort worth it? *A A Kuo & S J Slavin*

317 Assessing the assessors' assessment *W D Dauphinee & D E Blackmore*

319 Mind the gap: some reasons why medical education research is different from health services research *J A Shea*

Research papers

321 Standardized or real patients to test clinical competence? The long case revisited *V Wass, R Jones & C Van der Vleuten*

326 Composite undergraduate clinical examinations: how should the components be combined to maximize reliability? *V Wass, D McGibbon & C Van der Vleuten*

331 An outcomes research perspective on medical education: the predominance of trainee assessment and satisfaction *J B Prystowsky & G Bordage*

337 Loss of British-trained doctors from the medical workforce in Great Britain *M J Goldacre, T W Lambert & J M Davidson*

Assessment

345 Assessment dispersion matrices *J C Hall*

348 Do short cases elicit different thinking processes than factual knowledge questions do? *L W T Schuwirth, M M Verheggen, C P M van der Vleuten, H P A Boshuizen & G J Dinant*

357 Audit and summative assessment: a completed audit cycle *J R M. Lough & T S Murray*

364 Clinical assessment of dental students: values and practices of teachers in restorative dentistry *M Manogue, G Brown & H Foster*

Student performance

371 The impact of formal instruction in clinical examination skills on medical student performance - the example of peripheral nervous system examination *R Fox, J Dacre & C McLure*

374 Predictability of medical students' performance at the Aga Khan University from admission test scores, interview ratings and systems of education *M H Rahbar, C Vellani, F Sajan, A A Zaidi & L Akbarali*

381 The attitudes of 'tomorrow's doctors' towards mental illness and psychiatry: changes during the final undergraduate year *H Baxter, S P Singh, P Standen & C Duggan*

Primary care

384 An inter-university community child health clinical placement programme for medical students *M O'Keefe, D White, N Spurrier & N Fox*

391 Does community-based experience alter career preference ? - new evidence from a prospective longitudinal cohort study of undergraduate medical students *A Howe & G Ives*

398 Designing a community-based fourth-year obstetrics and gynaecology module: an example of innovative curriculum development *S Nicholson, C Osonnaya, Y H Carter, W Savage, E Hennessy & S Collinson*

Short reports

404 Historical analysis: a new approach comparing publications from inside and outside the discipline over time *D Pereira Gray*

Observer

409 Recent perspectives on clinical teaching *G Parsell & J Bligh*

Conference report

415 Association of American Medical Colleges 39th Annual Research in Medical Education Conference *K Mann*

Erratum

417 The effect of the general practice registrar year on perceived skills in palliative care in the West Midlands *R Charlton, S Field, C Faull, I Campbell, C Harper & L Harper*

Erratum

419 Running a life drawing class for pre-clinical medical students *P S Phillips*

Erratum

419 Problem-based learning: why curricula are likely to show little effect on knowledge and clinical skills *M Albanese*

420 **Face to face - Colin Coles**

422 **ASME announcements**

Volume 35 Issue 5 May 2001

423 *In this issue . . .*

Commentaries

424 Forecasting physician supply and demand *J C Kolars*

426 Medical revalidation and education - directed self–learning *R Lewkonia*

428 Developing clinical teachers and their organizations for the future of medical education *L M. Roth, M Schenk & S Bogdewic*

Research papers

430 Measurement of clinical reflective capacity early in training as a predictor of clinical reasoning performance at the end of residency: an experimental study on the script concordance test *C Brailovsky, B Charlin, S Beausoleil, S Cote & C Van der Vleuten*

437 Teaching in the new NHS: the specialised ward based teacher *S M Kilminster, A Delmotte, H Frith, B C Jolly, P Stark & P D Howdle*

444 Examiner fatigue in communication skills objective structured clinical examinations *G M Humphris & S Kaney*

450 Graduate status and age at entry to medical school as predictors of doctors' choice of long-term career *T W Lambert, M J Goldacre, J M Davidson & J Parkhouse*

Assessment

455 Practice-based criteria for assessing anaesthetists' habits of action: outline for a reflexive turn in practice *U-M Klemola & L Norros*

465 The face validity of a final professional clinical examination *M Tweed & J Cookson*

474 Setting performance standards for medical practice: a theoretical framework *L Southgate, R B Hays, J Norcini, H Mulholland, B Ayers, J Woolliscroft, M Cusimano, P McAvoy, M Ainsworth, S Haist & M Campbell*

Careers

482 Career aspirations of house officers in Lagos, Nigeria *O O Odusanya & C C Nwawolo*

488 Issues of intervention aimed at preventing prospective surplus of physicians in Japan *N Asano, Y Kobayashi & K Kano*

Country report

495 Country report: Australia *D Prideaux, N Saunders, K Schofield, L Wing, J Gordon, R Hays, P Worley, A Martin & N Paget*

Occasional essay

504 Time to learn: the outlook for renewal of patient-centred education in the digital age *T H Glick & G T Moore*

Short report

509 The use of focus group interviews in Asian medical education evaluative research *T P Lam, M Irwin, L W C Chow & P Chan*

Letters to the Editor

513 What we want to do can drive what we need to learn *H Bateman*

514 WFME task force on defining international standards in basic medical education *P T Jayawickramarajah*

515 Author's reply *H Karle*

516 Communication skills teaching - the student's hidden feelings *M Lloyd-Williams*

517 Life drawing classes *B S Mitchell*

518 **ASME announcements**

Volume 35 Issue 6 June 2001

519 *In this issue . . .*

Editorials

520 PRISMS: new educational strategies for medical education *J Bligh, D Prideaux & G Parsell*

522 Square pegs in round holes *B Jolly*

Commentaries

524 Research training in population health *S E Dismuke & E Ellerbeck*

526 Assessment in postgraduate dental education *D B Shanley & P A Dowling*

528 Educational implications of practice isolation *R Lewkonia*

Research papers

530 Knowledge and practices regarding tuberculosis: a survey of final-year medical students from Canada, India and Uganda *J Emili, G R Norman, R E G Upshur, F Scott, K R John & M L Schmuck*

537 Assessment in postgraduate dental education: an evaluation of strengths and weaknesses *Z S Morris, A D Bullock, C R Belfield, S Butterfield & J W Frame*

544 Development and validation of a questionnaire to evaluate the effectiveness of evidence-based practice teaching *R Taylor, B Reeves, R Mears, J Keast, S Binns, P Ewings & K Khan*

548 Faculty attitudes towards medical communication and their perceptions of students' communication skills training at Dalhousie University *D B Langille, D M Kaufman, T A Laidlaw, J Sargeant & H MacLeod*

Learning outcomes

555 A framework for developing excellence as a clinical educator *E A Hesketh, G Bagnall, E G Buckley, M Friedman, E Goodall, R M Harden, J M Laidlaw, L Leighton-Beck, P McKinlay, R Newton & R Oughton*

565 The clinician's role in meeting patient information needs: suggested learning outcomes *R B Jones, A J Hampshire, S Tweddle, B Mount & A Hill*

Pre-registration house officers

572 Pre-registration house officer rotations incorporating general practice: does the order of rotation matter? *C Williams, P Cantillon & M Cochrane*

578 How well prepared are graduates for the role of pre-registration house officer? - A comparison of the perceptions of new graduates and educational supervisors *A Jones, P J McArdle & P A O'Neill*

585 Training interns in population-based research: learners' feedback from thirteen consecutive

batches from a medical school in India *S Chaturvedi & O P Aggarwal*

590 Training, job demands and mental health of pre-registration house officers *J Bogg, T Gibbs & P Bundred*

Primary care

596 Extending the GP training year: experience of one model in Scotland *B McKinstry, M Dodd & P Baldwin*

603 Teaching sexual history taking to health care professionals in primary care *J R Skelton & P M Matthews*

Letter to the Editor

609 To BSc or not to BSc...? *B Rushforth*

610 **Forthcoming papers**

611 **Books received**

613 **ASME announcements**

614 **WFME announcements**

Volume 35 Issue 7 July 2001

615 *In this issue . . .*

Editorials

616 Students and student life *J Bligh*

617 More on medical student stress *J Morrison & K Moffat*

Commentaries

619 Medical student debt in the United Kingdom *P Dangerfield*

622 Alcohol and medical students *B Ritson*

Research papers

624 The reliability of logbook data of medical students: an estimation of interobserver agreement, sensitivity and specificity *H M J Raghoebar-Krieger, D T Sleijfer, W Bender, R E Stewart & R Popping*

632 Student feedback in problem based learning: a survey of 103 final year students across five Ontario medical schools *A Parikh, K McReelis & B Hodges*

637 Medical student interviewing skills and mother-reported satisfaction and recall *M O'Keefe, M Sawyer & D Roberton*

645 Learning to consult with computers *S T Liaw & J Marty*

Student perceptions

652 Students' perception of medical school stress and their evaluation of a wellness elective *J Lee & A V Graham*

660 Medical student and faculty perceptions of desirable primary care teaching site characteristics *L A Riesenberg, W B Biddle & S L Erney*

666 Patient-centred medicine through student-centred teaching - a student perspective on the key impacts of community-based learning in undergraduate medical education *A Howe*

673 Students' evaluation of surgical seminars in a teaching hospital *F Abu-Zidan & J A Windsor*

Discussion paper

681 Should medical students act as surrogate patients for each other? *A J Braunack-Mayer*

Students and literature

687 What can students learn from studying medicine in literature? *A J Hampshire & A J Avery*

691 Use of a journal club and letter-writing exercise to teach critical appraisal to medical undergraduates *R Edwards, M White, J Gray & C Fischbacher*

Student life

695 Comparing health care delivery systems - initiating a student exchange project between Europe and the United States *E G Armstrong & M R Fischer*

702 Life in the fast lane: student life in the University of Hong Kong's new medical curriculum *R Fielding*

703 Medical education in the new millennium – a Caribbean perspective *O J Busari, M Vervoort, S M Herman & J R Blom*

707 The Juniors are revolting *E Bywaters*

Letter to the Editor

709 Work-bsaed learning (WBL) *R Charlton*

710 **ASME announcements**

Volume 35 Issue 8 August 2001

711 *In this issue . . .*

Editorial

712 More medical students for England *J Bligh*

Commentaries

714 Why not teach where the patients are? *T Sen Gupta & J Spencer*

716 Learning about ethics: the cardinal rule of the clinical experience *E J Eckenfels*

718 Women and medicine - a new paradigm *J Searle*

720 The validity of long cases *J Norcini*

722 Community-based teaching: killing the goose that laid the golden egg? *J Parry & S Greenfield*

Research papers

724 Redefining medical students' disease to reduce morbidity *R Moss-Morris & K J Petrie*

729 Does observation add to the validity of the long case? *V Wass & B Jolly*

735 Doctors' professional values: results from a cohort study of United Kingdom medical graduates *L Cooke & M Hutchinson*

Doctor-patient relationship

743 The doctor-patient relationship: from undergraduate assumptions to pre-registration reality *C Williams, P Cantillon & M Cochrane*

748 Impact of patient feedback on the interpersonal skills of GP registrars: results of a longitudinal study *M Greco, A Brownlea & J McGovern*

Language skills

757 Validation of the doctor-patient communication component of the ECFMG Clinical Skills Assessment *G P Whelan, D W McKinley, J R Boulet, J Macrae & S L Kamholz*

762 Assessment of English proficiency in international medical graduates by physician examiners and standardized patients *A I Rothman & M Cusimano*

767 Evaluating the spoken English proficiency of graduates of foreign medical schools *J R Boulet, M van Zanten, D W McKinley & N E Gary*

Primary care

774 The clinical and educational experiences of pre-registration house officers in general practice *C Williams, P Cantillon & M Cochrane*

782 Evaluating primary care as a base for medical education: the report of the Cambridge Community-based Clinical Course *N Oswald, T Alderson & S Jones*

789 A survey of primary care physicians' perceptions and needs regarding the precepting of medical students in their offices *R A Baldor, W B Brooks, M E Warfield & K O'Shea*

Country report

796 Perspective on South America: the Latin American contribution to the world movement in medical education *M J Almeida*

Short reports

800 Resuscitating paediatric induction: an action research approach *C Melville, D Wall & M Samuels*

803 Change management in primary care: design and evaluation of an internet-delivered course *N Fox, A O'Rourke, C Roberts & J Walker*

Letters to the Editor

806 CeMENT: a multidisciplinary teaching programme *R K McKinley & R C Fraser*

807 Evaluation of a 'breaking bad news' course at the Charité, Berlin *J Schildmann, A Brunklaus, E Herrmann, A Klambeck, H Ortwein & C Schwarz*

800 Teaching international health issues to medical students *R Edwards, M Rowson & J Piachaud*

809 Beyond biomedicine: the challenge of teaching preventive medicine *B F Piko*

Negotiated learning for generic teaching in palliative care within general practice teaching *M Lloyd-Williams*

810 Colombian physician brain drain *D Rosselli, A Otero & G Maza*

811 **Book reviews**

814 **ASME announcements**

Volume 35 Issue 9 September 2001

815 *In this issue . . .*

Editorial

816 Interprofessional education - still more questions than answers? *D F Wood*

Commentaries

818 Storytelling should be targeted where it is known to have greatest added value *T Greenhalgh*

820 Holding on to the philosophy and keeping the faith *G Norman*

822 Community learning: the good, the bad and the way to be beautiful *P Bradley*

Research papers

824 Random comparison of 'virtual patient' models in the context of teaching clinical communication skills *M Bearman, B Cesnik & M Liddell*

833 Randomized, controlled trial of prescribing training in a South African province *J C Meyer, R S Summers & H Möller*

841 The use of an objective structured clinical examination (OSCE) for formative and summative assessment in a general practice clinical attachment and its relationship to final medical school examination performance *A H Townsend, S McIlvenny, C J Miller & E V Dunn*

847 A randomized, controlled, single blind trial of teaching provided by a computer-based multimedia package versus lecture *C Williams, S Aubin, P Harkin & D Cottrell*

Discussion papers

855 Medical error: a discussion of the medical construction of error and suggestions for reforms of medical education to decrease error *H Lester & J Q Tritter*

862 Stories as case knowledge: case knowledge as stories *K Cox*

Multiprofessional learning

867 Interdisciplinary education and teamwork: a long and winding road *P Hall & L Weaver*

876 Multiprofessional learning: the attitudes of medical, nursing and pharmacy students to shared learning *M Horsburgh, R Lamdin & E Williamson*

Problem-based learning

884 Solving problems with group work in problem-based learning: hold on to the philosophy *D H J M Dolmans, I H A P Wolfhagen, C P M van der Vleuten & W H F W Wijnen*

Careers

890 A Canadian faculty of medicine and dentistry's survey of career development needs *L J Miedzinski, P Davis, H Al-Shurafa & J C Morrison*

Teaching methods

901 Early patient contact in primary care: a new challenge *A-C Haffling, A Håkansson & B Hagander*

909 Surgical skills training: simulation and multimedia combined *R Kneebone & D ApSimon*

916 **Forthcoming papers**

917 **ASME announcements**

918 **WFME announcements**

Volume 35 Issue 10 October 2001

919 *In this issue . . .*

CO Commentary

920 Control and validity in medical education research *B Jolly*

922 Is the Delphi technique a qualitative method? *J Stewart*

924 Changing clinical practice *M Wilkes*

925 Medical education: commentry on letter: extra-curricular tutoring *J Gordon*

Original Article

928 Using the delphi technique to identify the cancer education requirements of general practitioners *D Broomfield & G M Humphris*

938 Randomised controlled trial of general practitioner tutor visit or mailing to encourage general practice-based education *J Holden*

941 Which values do attending physicians try to pass on to house officers? *S M Wright & J A Carrese*

946 Students' conceptual model of a good community attachment ('a good G.P.') in a problem-based learning curriculum *Z Silverstone, C Whitehouse, S Willis, P McArdle, A Jones & P A O'Neill*

957 Training the ideal hospital doctor - the specialist registrars' perspective *N Khera, J Stroobant, R A Primhak, R Gupta & H Davies*

967 Continuing medical education in a district general hospital - a snapshot *P Fletcher*

973 Meeting the needs of future physicians: a core curriculum initiative for postgraduate medical education at a Canadian university *K L Taylor & A E Chudley*

983 Does computer-assisted instruction really help to inprove learning process? *P Vichitvejpaisal, S Sitthikongsak, B Preechakoon, K Kraiprasit, S Parakkamodom, C Manon & S Petcharatana*

990 Information technology in medical education – nationwide project on the opportunities of the new technology *V Slotte, M Wangel & K Lonka*

996 Development of the program 'mental disorders in primary care' as internet-based distance education in South Africa *B Mash*

Letters to the Editor

1000 Medical trainees' training *D Bullimore*

1001 Medical trainees' training - authors response *J Biggs*

1002 Extra-curricular tutoring *P Goodfellow*

1003 Peer tutorials amongst medical students *E Schofield & P B Goodfellow**
